Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Honolulu and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 mins. The time whistle blows at 1:30 p. m., which is the same as Greenwich 0 hours 0 minutes. The sun and moon are for local time for the whole group.

### Shipping in Port

### NEARLY DROWNED IN BEER

FORT WAYNE, Ind., Sept. 16.—A vat at a brewery here collapsed yesterday while workmen were repairing its foundation. The vat contained 15,000 gallons of beer, which poured through the streets.

The workmen were caught in the rush and rescued with difficulty from drowning. The beer found an outlet in the sewer, which showed a head of over three feet when it discharged the "suds" into the Maumee River.

### LECTURES IN HER 92D YEAR

NEWPORT, R. I., Sept. 19.—Mrs. Julia Ward Howe delivered an address before the Civic League this afternoon on "The Increased Opportunities for Women to Render Public Service." Mrs. Howe, now in her 92d year, spoke without notes and her topic was cleverly handled. At the conclusion the audience applauded vigorously.

### HIS REASON.

Lady—Are you glad school begins in just a few days more?  
Boy—Yes'm.  
Lady—You want to get back to work again, don't you?  
Boy—No'm.  
Lady—Then why are you glad?  
Boy—'Cause they moved me to another district an' I want ter see if I can't lick de new kids.
